

Detagenix Company Policy Handbook

IT Services & Consulting Division

Document Version: 1.0

Effective Date: 23 May 2026

Prepared For: Internal Use & RAG Demonstration Dataset

1. Company Overview

Detagenix is a technology consulting and IT services company specializing in software development, cloud solutions, AI-powered systems, cybersecurity consulting, data engineering, and enterprise automation. The company delivers scalable and secure digital transformation services for clients across multiple industries including finance, healthcare, retail, education, and logistics.

2. Code of Conduct

All employees are expected to maintain professionalism, integrity, and ethical behavior. Employees must respect colleagues, clients, and stakeholders regardless of background or position. Harassment, discrimination, bullying, and unethical practices are strictly prohibited. Employees are expected to represent Detagenix positively during all business interactions.

3. Attendance & Working Hours

Standard working hours are from 9:00 AM to 6:00 PM, Monday through Friday. Flexible work arrangements may be approved by managers based on project requirements. Employees must maintain accurate attendance records and notify supervisors in case of absence or delay.

4. Remote Work Policy

Employees working remotely must ensure stable internet connectivity, maintain communication during office hours, and follow all company security standards. Confidential company data must not be stored on unauthorized devices or shared with third parties.

5. Information Security Policy

Detagenix follows strict cybersecurity practices. Employees must use strong passwords, multi-factor authentication, and approved company software only. Sharing credentials, downloading unauthorized tools, or accessing restricted systems without permission is prohibited.

6. Data Privacy & Confidentiality

Employees must protect client information, internal business data, and proprietary technologies. Confidential information may not be disclosed externally without written approval. Violations may lead to disciplinary action, including termination and legal consequences.

7. AI & Machine Learning Usage Policy

AI tools and generative models may only be used for approved business purposes. Employees must verify AI-generated outputs before sharing with clients. Sensitive company or customer data must not be uploaded to public AI platforms without authorization.

8. Cybersecurity Incident Response

Employees must immediately report phishing attempts, malware infections, unauthorized access, or suspicious activities to the cybersecurity team. Incident response procedures include identification, containment, eradication, recovery, and reporting.

9. Acceptable Use of Company Assets

Company devices, email systems, servers, and software licenses are intended for professional use only. Employees must avoid illegal downloads, unauthorized software installations, and misuse of company internet resources.

10. Client Communication Policy

Employees interacting with clients must maintain professionalism and confidentiality. Project timelines, deliverables, and technical discussions must be documented properly. Misrepresentation of services or capabilities is prohibited.

11. Leave Policy

Employees are eligible for annual leave, sick leave, and emergency leave as per company guidelines. Leave requests should be submitted through the HR portal at least 48 hours in advance whenever possible.

12. Performance Evaluation

Employee performance reviews are conducted semi-annually. Evaluation criteria include technical skills, teamwork, communication, innovation, project delivery, and adherence to company policies.

13. Diversity & Inclusion

Detagenix promotes an inclusive workplace where employees are valued equally. Discrimination based on gender, race, religion, nationality, disability, or age is strictly prohibited.

14. Intellectual Property Policy

All software code, documents, systems, designs, and technical assets created during employment belong to Detagenix unless otherwise agreed in writing. Employees may not share proprietary material externally.

15. Compliance & Legal Requirements

Employees must comply with applicable laws, regulations, client contracts, and industry standards. Violations involving fraud, corruption, or unauthorized disclosure of data may result in immediate disciplinary action.

16. Employee Training & Development

Detagenix encourages continuous learning through certifications, workshops, technical bootcamps, and internal training programs. Employees are encouraged to improve technical and professional skills regularly.

17. Social Media Policy

Employees must avoid posting confidential company or client information on social media. Public statements representing the company require approval from authorized management personnel.

18. Business Continuity Policy

Detagenix maintains disaster recovery and backup procedures to ensure operational continuity during cyberattacks, infrastructure failures, or natural disasters. Employees must follow continuity guidelines during emergencies.

19. Termination & Exit Policy

Employees leaving the organization must return company assets, credentials, and confidential documents before the final settlement process. Access to company systems will be revoked upon termination or resignation.

20. Policy Acknowledgment

All employees are required to read, understand, and comply with this handbook. Questions regarding policies should be directed to the Human Resources or Compliance department.

Appendix A – Data Classification Levels

Classification	Description	Example
Public	Information available publicly	Marketing brochures
Internal	Internal operational data	Team reports
Confidential	Sensitive company/client data	Client contracts
Restricted	Highly sensitive information	Passwords & API keys
